Book #4 – Letter Exchange

Imagine that a character from your book does not like what the author of the book is doing to him/her. Think of a scene from your book that this character is not liking (e.g. *Their puppy runs away. Their best friend gets in a fight with them. They're kidnapped by ogres. They die.* Anything your character might not be happy with). Write a letter from that character to the author expressing your character's displeasure at the situation they have found themselves in.
